

ALPHINGTON & FAIRFIELD VET - PART TIME NURSE

We are growing..... Come join our team.

So you've been in the veterinary world a while now and you've finally worked out the best part of the job is the ongoing relationships you build with clients..... **BUT** you're not ready to take on a full time reception or admin role as you still love the nursing aspect as well?

Have a think about this. What if we could offer you a role where you get to have a real impact in helping patients and clients and help to build a team and clinic to become an integral part of the local community?

Are you?

- Super warm, friendly and love making both pets and clients feel welcome.
- Highly organised, efficient, love to show initiative and take pride in presentation (that's a polite way to say..... obsessive about cleaning).
- Looking for an opportunity where you get to take on more responsibility and want to become part of the local community.
- A caring, conscientious Veterinary nurse that loves to deliver amazing patient care. (Either cert 4 qualified or more than 3 years working as a Veterinary nurse)

Why come and work for us?

- You'll join a small team and a larger team at the same time. You will be based at our two year old growing practice, and have a real chance to make a difference in how it runs day to day. Your role will include both clinical nursing and reception, working alongside experienced vets and nurses. At the same time, you have the full back up and support of our extended team just up the road.
- We care about our team, our patients and our clients. We have regular wellness and mental health training as well as access to an employee assistance program.
- We are family friendly and love diversity in our team.

About us and the role.

- Alphington and Fairfield Vet is located in a super convenient inner northern suburb (train station is 5 minutes walk away, coffee shop next door) and our clients are amazing.
- We are privately owned and have two other nearby locations (in Kew and Hawthorn East).
- We are growing rapidly, and have 1.5 vets and you will work alongside two other great nurses.
- This role is approximately 3 days per week (Wednesday- Fridays, with some Saturdays). There is no a/h or public holiday work and there is the potential for increased hours in the future if desired. While we mainly see dogs and cats, we also have a growing client base of rabbit owners and other exotic or small furry pets!
- We might be small, but we have all the usual toys including digital and dental xrays, in house bloods, doppler etc with access to ultrasounds and scopes at our other clinics nearby.

PLEASE NOTE - THIS ROLE IS NOT SUITABLE FOR TRAINEE NURSES.

For further information please phone Mark on 0433029779, or to apply email your CV to mark@hawthorneastvet.com.au and we will invite you to complete our application form.
